DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 3 line 2, after "elements", --is-- has been deleted.

Allowable Subject Matter

2. Claims 1 and 3-19, which have been renumbered as 1-18 are allowed.

3. The following is an examiner's statement of reasons for allowance: Regarding claims 1-18, the prior art of record fails to teach of the first switching network element releasing the user data connection between the first switching network element and one of the second and third switching network elements. The closest reference, Menard (WO 9914929 A1), teaches of first, second and third switching networks elements and placing a call on a packet data network, but fails to teach of the first switching network element releasing the user data connection between the first switching network element and one of the second and third switching network elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
